V. Investment Objective

Review the investment objectives before making your selection below:

Income	Seeking current cash flow in exchange for a reduction of potential capital appreciation.
Hedging	Seeking to reduce the risk of adverse price movements in a security.
Speculation	Seeking capital appreciation. This objective involves investments that can have significant fluctuations in value. It involves a high level of risk, which can lead to a significant loss in principal.

*To determine your trading level, we consider several factors, including your trading experience and financial information. Checking "Speculation" below does not guarantee that you will be approved for all trading levels.

Investment objective (check only one)	☐ Income and hedging ☐ Hedging and speculation ☐ Income and speculation ☐ Speculation
--	--
